

## Camp Guidelines

Camp guidelines are in place to contribute to everyone's enjoyment and safety at the Camp. We appreciate your reviewing and following the following guidelines:

- No smoking on Camp property.
- No consumption or storage of food or beverages in or near the cabins (except water of course). *Help us keep wildlife and unwanted insects & rodents away from the cabins please.*
- No individual campfires. Group campfires must be approved and organized by camp counselors.
- No radios or amplified music unless authorized by the CAMP.
- Dogs are welcome in designated areas with an additional fee. Dogs must be on leash at all times. Please clean up after your dog and keep dog food in a sealed container away from wildlife.
- Cabins do not have locks so leave valuables at home or store them in the small locker in your cabin.
- Quiet hours are 10:00pm - 8:00am.
- Pool hours are 9:00am - 8:00pm. No lifeguard on duty.
- Meals are served in the Great Hall and organized by your group coordinator.
- Gate is closed for entry between 7:00pm-9:00am no exception. You can exit the CAMP at any time as the gate will open automatically for exit.
- The CAMP is large, and we encourage you to explore; however, please respect Camp staff only areas as we continue to improve and prepare the Camp for the future.
